Dear Keith & Lin,

It was a real pleasure to meet you both, and your family and friends, at Espiche Golf Club on 25 October 2016. Congratulations on your 40th anniversary.

On behalf of Madrugada Associação, this letter is sent with sincere thanks for the very generous sum of € 300 Euros donated by you and those celebrating with you. It is a fabulous contribution and will assist us in continuing to care for those that are end of life. Your total donation will be directed to patient care.

Over recent months we have been pleased to be able to assist more patients as our service has become better known and understood here in the Algarve. This area of Portugal has very poor palliative care provision and there are no hospices or large support agencies like Macmillan or Marie Curie to help people. We fill this gap by providing a hospice at home service to patients at the end of their life.

If you would like to visit us at the Centre in Luz to find out more about our services, when you are next in the area, please do not hesitate to let us know. Your continued support is truly appreciated and makes a huge difference to our ability to serve our community.

Best wishes & thanks again,

Carol Spires
